Education

University of Minnesota

PhD in Human Computer Interaction

Sept 2026 - May 2031

GPA: 4.0

Georgia Institute of Technology

Bachelor of Science in Computer Science

Aug 2022 - Aug 2025

GPA: 3.6, Dean's List, High Honors

Relevant Coursework: Human-Computer Interaction, Data Visualization, Machine Learning, Algorithms, UI/UX Design, Natural Language Processing, Database Systems, Software Engineering

Programming: Java, Python, C, Assembly, SQL, C++, Javascript

Publications

Datum Fieldnotes: Easing the Data Work Burden on Civic and Non-Profit Organizations

CHI Late Breaking Work (Co-Author)

2025

Datum Fieldnotes: Learning How Civic and Non-Profit Data Workers Perform Data Contextualization In Situ

CHIWORK (Co-Author)

2026

Experience

Software Development Engineer, Amazon

Sept 2025–May 2026

- Work to maintain and develop the Albus service, a seller partner case gating mechanism
- Work collaboratively with engineers, product managers, and scientists to develop quality projects
- Unit Testing Quality Goal Owner

Teaching Assistant, Georgia Tech

Jun 2025 - Aug 2025

- Graded assignments and provided assistance to students

Software Development Engineering Intern, Amazon

Jun 2024–Aug 2024

- Designed and developed a Prompt Building Library for the SPX Science team
- Collaborated with engineers, applied scientists, and executives to meet customer needs.
- Wrote extensive design documentation and testing protocols.

Electrical and Data Acquisition Subsystem Lead, Georgia Tech Motorsports

Apr 2024–May 2025

- Managed power engineering, telemetry, and data collection for the FSAE competition car, placing third overall and winning endurance in 2025.
- Constructed wiring harnesses and installed sensors and components.
- Developed M1 Build and Tune package for engine control and data acquisition
- Created a Python-based vehicle dynamics simulation for machine learning optimization.

Undergraduate Research Assistant, Georgia Tech

Aug 2023–Aug 2025

- Developed a tool for data documentation and note-taking to assist data workers.
- Conducted user testing and qualitative analysis
- Worked on undergraduate thesis investigating data management in predictive mental health

Automation Director and On-Air Station Operator/DJ, WREK Radio

Aug 2022 - May 2025

- Managed the operations of the automation of music and programming at a college radio station
- Attended weekly leadership meetings and trained new operators
- Co-Hosted a weekly show, 100wreks, highlighting hyperpop and underground electronic music

Intern/Lab Assistant, Advent Health (Gordon)

Aug 2021–Dec 2021

- Assisted in hematology and histology laboratory operations.
- Managed patient information and blood/tissue samples.
